Clojure Course

Clojure is a functional hosted LISP known for its expressiveness. But since it's not widely used, documented or advocated for, we decided to make a course about it. **This course is a distilled form of our Clojure journey over the years.**

Adopting Clojure at work

krimlabs.com

Shivek Khurana (2012 – 16 Batch) – Co-Founder of Meta Block that helps build immersive NFT Apps and Founder of Krim Labs
