Teacher-Training Program on 'Undergraduate Research and Project-Based Learning'

(10-11 January 2025)

National Education Policy (2020) based undergraduate curriculum at University of Delhi envisages projects in the fourth year which is going to start from 2025 with the first batch of NEP students at DU.

Cluster Innovation Centre has been at the forefront of adopting novel pedagogies since the past decade. From Flipped Classroom to Hands-on experiences and Project-based Learning, the new generation of students are mentored in a multitude of ways at CIC.

This program will include first hand experiences of CIC faculty members in identifying appropriate problems of interdisciplinary nature, project designing, assessment and evaluation practices, and workshop on projects across different disciplines.

The program will be held in offline mode at CIC
Limited Seats, Apply Soon!
